

# BIO TRAPPES

## BIOTECHNOLOGY for grease traps

### Eliminates bad odors

#### DESCRIPTION

**BIO TRAPPES** is a multiple spore blend of bacteria that control odors, remove organic waste compounds and provides quick cleaning action.

**BIO TRAPPES's** innovative multiple spore blend can be used to design environmentally safe solutions for many types of organic wastes.

The select blend of bios trains in **BIO TRAPPES** specifically promote optimum enzymatic activity of protease, lipase, amylase and cellulase, and provides outstanding breakdown of protein, starch, carbohydrates, fats, oils and grease.

#### APPLICATION

For grease traps and drains: add 500 to 600 ml of **BIO TRAPPES** in a day.

**BIO TRAPPES** is designed to provide exceptional performance in drain line, grease trap maintenance, odor control, septic and waste treatment.

For professional use only – Product not regulated by W.H.M.I.S.

**Warning:** May cause eye irritation.

**Precautionary measures:** Do not ingest. No special personal protection equipment required. Avoid contamination of food in the application and storage of the product.

#### First Aid:

**Eyes:** Flush with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids.

**Ingestion:** Drink several glasses of water or milk. Seek medical attention.

KEEP OUT OF REACH OF CHILDREN.

**Ingredients:** water, non-ionic surfactants, bacterial culture, perfume, color.
